Year 3

This week in year 3 students were studying fossils and learning how they have been discovered by archaeologists. Fossils are ancient insects that have been preserved underground for hundreds of years and are still here today. They are also learning about how to have formal debates and convince their opposition to agree.

Year 4

In year 4, on Tuesday they had a professional artist come into school and show them how to sketch sea-shells accurately. As well as this, they were showing each other their islands- which were created at home as their termly-homework. They have also arranged their islands on the playground to see them all together and the hard work that's gone into them.

Year 5

In year 5, they have been making historical comics about the battle of Thermopylae. This was a battle in ancient Greece. As well as that, they made circuits to see what objects conducted electricity. These are called electrical conductors. The whole school also had the privilege to enjoy an educational Virtual Reality experience so they could learn about their topic in detail without having to go on a trip there.

Year 6

This week, years 6 have been working on their soliloquys and creepy narratives from the play Hamlet that they saw during the previous term. They have also been creating an animal document about their fictitious animals.

Library News

The Bingo Reading Game has been launched at school to all children, they will be coming home with a Bingo sheet, instructions and a reading list of books, that they may like to read (these are suggestions only).

The aim is to try and introduce the children to different genres of books to broaden their reading skills. When they have read a column of genres, they will receive a certificate and a pin badge. The books can be shared at home with sibling's, other adults who knows even their pets if they have any!

Year 4 Imaginative Islands

Year 4 loved creating their own islands for this half term's homework. We decided the best way to view these amazing creations was out in the natural 'sea' of the playground and all of the pupils and teachers were amazed by the imagination, creativity and variety shown in the island designs! Carefully thought through designs showed technical knowledge of coastlines, rivers, mountains and of course volcanoes! Well done to all pupils and thank you to parents and carers for helping with this project!

Hook United U9 Panthers

In the North East Hampshire league, there are 82 teams and after every game the managers of both sides are asked to submit their 'fair play' marks based on the opposition's team, supporters and managers. Out of those 82 teams the Hook United U9 Panthers received the highest marks across the season and have therefore won the league's Fair Play Award. This is representative of the Panthers commitment to exemplary behaviour that promotes the spirit of fair play and compassion in football.

All U9 Panthers have been invited to attend an awards ceremony on 12th June in recognition of this amazing achievement.

Joshua Molloy, Nathaniel Clague, Lucas Orr, Ollie Gair, Louie Britton, Hugo Munt, Arthur Birch and Charlie Galt.

Attendance

Weekly attendance for all classes will appear in the newsletter each week.

Every day counts. Your child's attendance matters!

Class	Average Attendance
3JR	96%
3SR	98%
3ES	98%
4LE	98%
4RM	97%
4NS	98%
4KW	97%

Class	Average Attendance
5KB	96%
5SF	96%
5JH	96%
6VH	97%
6SH	97%
6TC	97%

Unwanted, Quality Tools and Sewing Machines Needed

To support African people to develop their own businesses in Ghana, Malawi, Sierra Leone, Tanzania, Uganda, Zambia.

We are joining forces with TOOLS FOR SELF RELIANCE to collect tools:

When: Saturday 15th June, 2019 (10 am to 2 pm)

Where: Tesco's Hook – Car Park

What tools do we need?

Any good quality hand tools or industrial 240v electric tools for:

Carpenters, builders, metalworkers, shoe repairers, mechanics, plumbers, electricians, dressmaking materials and haberdashery, hand operated and treadle sewing machines, some electric sewing machines, must be in good working order, overlockers.

Items we don't need (as unable to use).

Cordless, 110v or domestic quality mains power tools, computers or other electronic equipment, typewriters and duplicators, low quality / disposable tools eg hardpoint saws, machinery (except by special arrangements), imperial rules / measures, nails, screws, nuts and bolts, paints, oils, chemicals, gas bottles, two man saws, **NO GARDEN TOOLS PLEASE.**

If you cannot deliver tools on the day & or need tools collected please contact Ian Wilkinson (Hook) on 01256 762303 or Richard Baker (Odiham/North Warnborough) on 01256 702565.

May
