**Year 5 Learning Event – Wednesday 10<sup>th</sup> July 2019**

Dear Parents and Carers,

This term, Year 5 are studying Ancient Greece, with a specific focus in our Design and Technology unit on creating chariots.

The beginning of the unit will involve the children learning about the historical use and significance of chariots before designing and making a scale model. On the afternoon of **10<sup>th</sup> July between 1:15pm and 2:45pm**, having chosen a design for their chariot in small groups that morning, we would like to invite parents and carers to spend the afternoon in class supporting the children with the task of making a scale model chariot - based on their design - in small groups from a range of materials available.

This learning event will be held in class with access on the day via the main school reception. We hope that you are able to join us for our learning event and if you have any questions, please do not hesitate to speak to your child's teacher.

Yours sincerely,

Mr French  
Year 5 Team Leader

Mrs Barnes  
Year 5 Teacher

Mrs Prior  
Year 5 Teacher

Mr Hall  
Year 5 Teacher
