Geography in year 3

In Geography Year 3 have enjoyed been learning about megacities and the different countries which make up the United Kingdom. This week we have used atlas' to answer a range of different challenge cards to research places within England, Scotland, Northern Ireland and Wales.

"I liked researching different villages, towns and cities in Wales and trying to pronounce their names!" Lexie.

"I particularly enjoyed answering questions to find where different places in Scotland are," Logan.

"I enjoyed learning about the populations of different megacities. We compared Tokyo and London and discovered they are both megacities, which have hosted the Olympics," Darcey.

"I have enjoyed learning about the population of megacities around the world. I was amazed by the number of people that live in Tokyo, which was 13.8 million!" Jobe.

The School Council

The Hook Junior School Council members are: Lucy, Joshua, Isabelle, Amelia, Joshua, Charlotte, Emily, Josh Imogen, Florence, Izaiah, Norah, Amelia, Quinn, Sanjeev, Evan, Samuel, Owen and Alex.

We met recently to discuss ideas from our class suggestion box. One area that came up was wanting more books in the class libraries. There were suggestions for more plants around the school. Mrs Martin has agreed to each class deciding on a plant to buy for their classroom. Gardening club have already planted new bulbs which we are beginning to see grow. Another area discussed was the variety of vegan puddings available. We will be discussing this further. At our next meeting, we will be discussing Red Nose Day.

Promoting and Celebrating Diversity

To help promote diversity in school, we have recently received some books on loan from the Hampshire RADE (Rights and Diversity Education) Centre. These have been spread around the classrooms to update class libraries. We hope the children enjoy reading some of the new books.
