

Summer Holiday Learning

Year 6

The Year 6 teachers are looking forward to welcoming the children back in September where the term's learning will look at World War II, sustainability and self-sufficiency in the UK and light and electricity to name just a few!

To provide your child with the best start to Year 6, we have compiled some ideas of a range of work that all children should be able to complete by the time they enter Year 6. We would appreciate any time which could be spent on these activities. Alongside this, we have also listed some possible activities and visits that could support to enrich learning.

Maths

Written methods

Throughout Year 5, the children have practised the formal written methods for the four number operations (addition, subtraction, multiplication and division). One of the key focus areas in Year 6 is the application of this understanding through contextual problem solving. As such, the summer holidays provides an opportunity to practise these written methods to ensure a confident understanding when your child returns in September. Videos of these methods can be found on our school website: [Maths Concepts Explained \(hook-jun.hants.sch.uk\)](http://Maths Concepts Explained (hook-jun.hants.sch.uk)) Why not roll dice to create calculations and then race as a family to answer them?

Times tables

Times tables knowledge underpins children's learning in maths (multiplication, division, fractions, ratio and algebra). The National Curriculum sets the expectation that these essential number facts (up to 12×12) are known by all children by the end of year 4 and we have found that children who enter year 6 without a secure knowledge of these, find it to be a significant barrier to their learning. As such, any regular support that you can give your child to help them in this respect is encouraged and greatly appreciated. Times Tables Rockstars is a great resource along with other popular games:

Spelling

It is expected that by the end of Year 6, children will be confident in their ability to spell the words listed in the Year 3, 4, 5 and 6 word lists. Spelling is an important aspect of the children's writing assessment; therefore, regular practise of these words is also highly encouraged. The children will also be tested on these words early in the autumn term in order to establish a baseline to work from.

There are many ways to support your child to learn their spellings.

Curriculum spellings

These words will be used within our units of work. Therefore, it would be beneficial to practise these in preparation.

Reading

Reading

Below is a recommended reading list for children entering Year 6, many of which can be found at the local library. There is also the Summer Reading Challenge taking place in libraries across Hampshire (Fleet and Basingstoke are our closest) which is free to be involved with. More information can be found by following this link: [Summer Reading Challenge 2022 – Gadgeteers! – Hampshire Libraries](#)
