

21st February 2018

**Year 4 Learning Event**  
**Wednesday 7th March 2018 at 2.30pm-3.05pm**

Dear Parents and Carers,

Following the success of our 'Explosive Journeys' topic this term, the children in Year 4 have participated in an enquiry based project and would very much like to share it with you.

The children will share with you their designs and creations of a survival item, persuade you that theirs fits the design brief and that it is suitable for the purpose. It will be your role to listen to the different presentations, question them on their suitability and then score them. Votes will then be compiled and the winning group from across the year group will be informed the following day and will feature on our school website.

This event will be held in your child's classroom on **Wednesday 7th March** from 2.30 until 3.05pm. You will need to follow the signage outside which will lead you to your child's classroom where you will then be required to sign in. After the children have presented their work, you will need to collect them at the usual time of 3.20pm from the school playground.

We really hope that you are able to attend and look forward to seeing you.

Yours sincerely,

*S. Heaslop*

Mrs Heaslop  
Year 4 Team Leader
